| Your Logo will be featured on Posters/Promos/our website | Yes | Yes | Yes |
| Your Business Logo will be on the event shirt we sell at the show. | Yes | No | No |
| Display Space on "Main Street" | 600 sf, room for a 10x10 canopy, lots of customers and 3- 4 cars | 400 sf, room for a 10x10 canopy, and 2 cars | No display space in the show |

Note: Based on our accountant's advice, neither the VWOTG car show nor the VWEC car club are nonprofit organizations. Therefore, we pay taxes on the show's proceeds. Higher fees this year are due to increased costs for essentials, such as toilets, printing, venue rental, and insurance. This is the first sponsorship cost increase since 2016.

If you are a new sponsor or have updated your logo since you sponsored last, please email an image file (high-quality PDF preferred) of your logo to vwec.org@live.com by March 10th.

General Info and Rules

Weather: The show goes on, rain or shine. If the soccer field is too wet to put cars on, Foothills Recreation will move the show to the lot SW of Pierce and Bowles.

Questions Before the Show: Email us at vwec.org@live.com or please leave a message with Grant Aslin at 303-731-7651 with your questions.

Your Show Cars: Please register your show vehicles by May 15th at <https://www.govwec.org/car-show-preregistration/> When filling out the registration form please indicate this is a sponsor's vehicle by filling in your business name in the last name portion of the form. When you submit the form, you will be redirected to the website store. DO NOT PAY for your show vehicles, payment is included in your sponsorship. Eligible voters will be alerted that vehicles in your display are also competing for a trophy. Make sure someone from your business goes to the registration canopy to get a windshield card for each of your display cars and a ballot packet for each car. That way your car(s) are in the running for a trophy, and you or a proxy can walk around and vote for your favorites! Ballots are due at the HQ canopy by noon.

Canopies: The wind comes up in the afternoon. If your push up canopy seems unstable, be proactive, don't wait for us to ask you to take it down. Blowing canopies have damaged expensive show cars in past VWOTG shows! Many California shows just don't allow them at all now due to on-going issues. The best option is to have stakes, weights, sandbags etc. to weigh all four legs of your canopy down. You are liable for any damage your canopy causes. Canopies enhance everyone's experience at the show. We are hoping to continue to allow them at future VWOTG car shows!

Pro Tip: The website is noted in the header. There is a Car Show section on that site that will answer many of your questions and give you a better idea of what the show will be like in this location. Pay particular attention to the FAQs.
